After an approximate one-hour drive by coach, you'll arrive at the town of Salerno, located at the very end of the Amalfi Coast. There you'll board a private motor launch for a 45 minute cruise, viewing the Dolomitic cliffs, which have been sculpted by nature into fantastic shapes. Enjoy some free time on your own in Amalfi for shopping or relaxing before cruising back to Salerno where your coach will be waiting to drive you to Sorrento. With its luxuriant vegetation and sun drenched climate, Sorrento became a favorite resort of wealthy Romans. POMPEII EXCAVATIONS

Port: Naples, Italy

Tour Code: NAP_56

Pompeii once supported a flourishing civilization that was revealed nearly intact after being buried for about 1,700 years. The once, prosperous commercial and political center with a population of 25,000 was hidden under 20 feet of volcanic ash and cinders during the fateful eruption of Mt. Vesuvius in 79 A.D. Originally a seaport, the eruption raised the land and left the ruined town far from the bay. You'll enter Pompeii through the Sea Gate and walk along the cobblestone streets to the Agora. Surrounded by temples and porticoes, this was the religious, civic and business center of the city.

Because Pompeii was so well preserved, you can see many fine details that reveal the lifestyles of the residents, such as mosaic floors and colorful frescoes in some of the homes. As you wander through this ancient city, you can't help but notice the still active Mount Vesuvius towering above. If time permits, you'll visit a cameo factory nearby to see how the famous jewelry is made and then have some time to browse the store.

Note: During summer months expect extreme heat, crowded venues and long lines. We recommend that you dress in layers and bring bottled water. This tour includes extensive walking during the visit of Pompeii's excavations.

RUINS OF HERCULANEUM

Port: Naples, Italy

Tour Code: NAP_57

Mainly a fishing village, Herculaneum was most appreciated for its position overlooking the Bay of Naples. It became very rich as it was chosen as a summer resort by wealthy Romans who built wonderful villas adorned with frescoes, mosaics and great sculptures. There's a feeling about Herculaneum that's quite different from what one feels in other ancient world centers brought to light so far, including Pompeii. The torrent of mud flooding down from the volcano served for centuries as the best possible defense against atmospheric agents and illegal excavators. See the houses, shops, and baths, including wooden elements, foodstuffs and fabrics that are preserved intact, thus offering a unique vision of their lives long ago. En route, visit a cameo factory nearby to see how the famous jewelry is made and then have some time to browse the store.

Note: Participants must be able to walk 1 mile over uneven, cobblestone terrain and be able to manage approximately 30 steps.

(Please note that lunch is not included in this tour.)

You'll then take a local shuttle bus and drive to a local beach. Your escort will designate a meeting time and place and then you'll be on your own for approximately 3 hours at the beach. You can use the changing rooms and will have the opportunity to relax on the beach, taste the cuisine of the local restaurant or have a cappuccino on the panoramic terrace. A complimentary sun-bed and beach umbrella will be provided for you. After a relaxing summer day on the Italian coastline, you'll re-board the coach for the return drive to your ship in Naples.

Note: The amount of walking is at guests' discretion. This tour does not include lunch or entrance fees. An escort will be on the coach to/from Naples to answer questions. Items such as hats, sunglasses, sunscreen, swimwear, proper foot protection and a towel should be brought with you from your ship. If guests should miss the return bus, transportation back to the vessel is your own responsibility and expense. Time in Sorrento and at the beach may be altered due to traffic. The transfer from Sorrento Town to the beach takes approximately 6-7 minutes each way and is operated by local shuttle buses so many guests will be standing. This is the only transportation authorized through the short, narrow street that connects the town and the beach. For this reason, depending on crowds and traffic involved, some waiting at the shuttle bus pick-up points may be expected. This tour is only available from mid-June to mid-September.

Visit Villa San Michele, and then have some free time before you continue to the town of Capri for lunch.
